Graber Shades

Graber fabrics and styles are second to none, which means you'll find prints, colors, and textures to suit your design aesthetic and help make your house your home.

More than décor, Graber Shades serve a practical purpose as they control your privacy level, limit the light that enters your rooms, and protect from the sun's heat, glare, and harmful UV rays. Plus, your Graber Shades are crafted to each window's specification and engineered for smooth, worry-free operation.

¾" Single Cell Cellular Shades with Cordless Lift: Kinsley Blackout, Indigo Intrigue 1727

Cellular Shades

Made with premium, crush-resistant fabrics in trend-forward colors, textures, and patterns, Graber CrystalPleat® Cellular Shades offer a variety of ways to build a healthier, happier home. Honeycomb-shaped cells form a barrier at the window, making your home more energy efficient, while our expanded collection of blackout fabrics give you even more options for darker, restful rooms. And with our new Healthy Home option, your shades come with a proprietary, antimicrobial coating for continuous protection from bacteria, mold, and more.

Pleated Shades

Designed for tastemakers and style connoisseurs, Graber Pleated Shades feature only the most fashionable fabrics. Pleated shades add structure and depth to your interior, while beautifully filtering light and providing the privacy you desire. Their crisp folds and inspired good looks give your room extra polish and panache.

Roller Shades with UltraLite Cordless Lift, Fabric-Wrapped Hem Bar: Florian, Snow Angel 21381, and Contour Valance

Roller Shades

Add just the right flair to every interior—from traditional to contemporary—with the joyful style and superior quality of Graber Lightweaves® Roller Shades. Choose from our dazzling array of subtle graphics, bold patterns, and modern textures, in colors that evoke warmth or lend serenity to your design. From sheer to blackout, you have plenty of privacy and light control options to choose from.

Solar Shades

The specially engineered Graber Lightweaves Solar Shades allow a view through the fabric, while still protecting against heat, glare, and UV rays. It's the perfect balance of light, comfort, and modern beauty. Graber Eco-Performance Solar Shades go above and beyond. More than stylish, these fabrics are also earth- and family-friendly—because you're mindful of what matters most. For nighttime privacy, layer solar shades with drapery or combine with a blackout roller shade in a Graber Dual Shade.

EXTERIOR SOLAR SHADES

Consider Graber Exterior Solar Shades for superior sun and heat protection. These outdoor-grade shades can be placed outside your home's windows or around your al fresco living space.

2" Sheer Shades with Motorized Lift: Deco Diamond, Icelandic 5250

Sheer Shades

Breathe new life into any room with the effortless elegance of Graber Overture Sheer Shades—now available in exquisite, new prints. Our sheer and chic fabric is woven and seamless—never glued with adhesives that yellow over time.

The light filters through, imparting a lavish, airy ambiance. And our coordinating fabric-wrapped cassette valance provides a sophisticated appearance—at no extra charge.

Layered Shades

Delight in the luxury of Graber Mezzanine Layered Shades. Their fabrics help soften the space, while the construction helps fine-tune the light. Alternating bands of sheer and opaque fabrics align to gently filter light through the sheer material when the shade is open.

The matching, fabric-wrapped cassette valance comes standard for a perfectly finished window treatment. Lovely, layered shades add smart, striking lines to your design and are now available in exclusive new prints, patterns, and textures—including shiny metallics.

Seamless Roman Shades with Cordless Lift: Florabar, Cindersmoke 5611

Roman Shades

Of the moment at every moment, and in step with any décor, Graber Roman Shades have long been the choice of designers.

Find your style within one of two collections: The neutral hues and crisp lines of the streamlined Graber Fresco® Roman collection, or the lush, drapery fabrics and exquisite style options that can only be found in the Graber Artisan collection.

Natural Shades

Transform your space into a calming oasis with Graber Tradewinds® Natural Shades. Naturally organic and beautifully handwoven, natural shade fabrics are made of renewable materials, such as bamboo, reeds, grass, and jute. Our fresher, lighter color palette, metallic accents, and lively pops of color within some fabrics give you artistic choices as you design a refined, yet relaxed look.

All materials are hand-selected for their perfect imperfections that produce our high-quality, one-of-a-kind, natural shades.

NATURAL DRAPES

Graber Natural Drapes and Sliding Panels provide an up-to-date, high-end solution for wide windows and patio doors. Pair them with natural shades for a seamless look in any open concept area.

Shutters & Blinds

Graber Shutters and Blinds add a touch of timelessness to your home. Created from the highest quality materials, our shutters and blinds deliver precise light control at your fingertips—with smooth and easy operation. Whether you're looking for the natural beauty of wood, the classic versatility of aluminum, or another material, we offer a customized solution to suit your décor.

Shutters

Make a spectacular statement with thoughtfully crafted Graber Shutters. In living rooms and entertaining spaces or stately offices and reading nooks, the architectural detail of shutters anchors each room with a warmth that resonates, and a grandness that elevates.

Graber Traditions® Wood Shutters are made from sustainably sourced North American hardwood that's finished by hand to showcase the wood's natural beauty. Graber Composite Shutters are a notable wood alternative, engineered for durability and moisture resistance.

2" Elite Wood Blinds with Cord Lift/Wand Tilt: Rustic Golden Oak R1030, 3" Classic Valance, and 1½" Cloth Tapes: Shadow Grey 2178

Wood Blinds

Sustainably sourced Graber Wood Blinds convey richness and coziness in your home. Precisely crafted from only the best North American premium hardwood, Graber Traditions Wood Blinds celebrate the unique characteristics and natural splendor of the wood.

Our exceptional blinds in rustic and modern paints, stains, and finishes offer enhanced character, while also providing natural insulation at the window.

Composite & Faux Wood Blinds

With authentic woodgrain patterns and solid colors, Graber Traditions Composite and Lake Forest® Faux Wood Blinds offer the look of real wood to complement any interior style.

Our composite and faux wood blinds are engineered to prevent warping, fading, cracking, and peeling—a thoughtful solution for kitchens, bathrooms, or any other high-humidity area.

Above: 2" Vinyl Horizontal Blinds with Cord Lift/Wand Tilt: Fiber, Midnight 3125, and Standard Valance
 Right: 1" Supreme Aluminum Blind with Cordless Lift/Wand Tilt: Ribbed White 760

Aluminum & Vinyl Blinds

With their attractive tones and textures, Graber Aluminum and Vinyl Blinds offer a modern take on classic blinds. These easy-to-clean, horizontal blinds offer maximum light control and legendary dependability in even the most demanding areas of your home.

Drapery

32

When you desire a distinctive design, the sumptuous fabrics of the Artisan drapery collection are stunning, sophisticated, and sure to please. With bold prints, detailed embroideries, casual linen blends, and more, our textiles are tailored to your preference, with every piece handcrafted with true artistry.

Just as impressive, our finish work—double-turned hems, mitered corners, sewn-in liners, and bottom weights—ensure a graciousness in the drape of your new window treatments.

PERFORMANCE DRAPERY FABRICS

Graber Artisan Performance Drapery gives patio living a significant and delightful boost. Engineered to perform in the outdoors, these durable draperies are a beautiful way to expand your living—and entertaining—space.

Layered in Luxury

Exquisite design relies on the thoughtful coordination of fine pieces—each is beautiful on its own, but made even better together. Layer a blind or shade under drapery and finish with a fabric-wrapped or wood top treatment for a perfectly polished home motif.

Singular Solutions

Every window deserves to make a designer impression. And Graber delivers with our array of solutions for wide windows and doors, unique windows, and motorized control for your home.

38

Wide Windows & Doors

From vertical shades to sliding panels to vertical blinds, you have options for your wide window or sliding glass door. Graber treatments share materials and fabrics with our horizontal blind and shade collections so you can elegantly coordinate your open concept space.
