## HIGH-PERFORMANCE ENERGY SAVINGS

Graber CrystalPleat® Cellular Shades are ***our most energy-efficient window treatments and offer unsurpassed energy savings year-round.***

- Soft, luxurious fabrics formed into honeycomb-shaped cells insulate your windows and create a beautiful barrier that keeps warm and cool air from escaping.
- This insulating power eases the burden on your heating and cooling system, lowering your energy bills—and keeping you and your home bathed in comfort all year long.

Graber Cellular Shades reduce heat transfer by up to 64%\*

## Stop-and-Stare Style

Our cellular shades offer stunning, streamlined style that's flat-out gorgeous. ***Evocative colors, patterns, and textures are coupled with intricate, refined details for exhilarating results in any living space***, no matter what your design aspirations entail. The highest quality fabrics ensure consistent folding and superior performance, while a smaller stack height when shades are open maximizes your view to the outdoors.

94% of our cellular fabrics are new. Our collection has been thoughtfully curated to be on-trend.

## The Perfect Mix of Sunlight & Privacy

Our cellular fabrics are available in four opacity levels, which affect the amount of sunlight and privacy in your room. Sheer and semi-sheer shades allow more sunlight, while light-filtering and blackout fabrics offer more privacy. More colors are now available in blackout fabrics, including a true-white fabric. Our cellular shades are available in four cell sizes.

## Optimal Options

If you have a specific need, we have a solution. For rooms requiring a blend of privacy, light control, and energy efficiency, consider bottom up/top down, sun up/sun down, or Perfect-Vue™ shades. We can also cover unique and hard-to-fit windows—such as arches, skylights, bay windows, and specialty shapes like circles and hexagons. Additional options include motorization, accessories, and top treatments.

## Wonderfully Wide

Our cellular shades can adorn and insulate wide windows with up to 144" of continuous fabric. Graber Slide-Vue™ Vertical Cellular Shades are also an excellent choice for wide windows or patio doors and can cover up to 192" in width.

*Door:* ¾" Single Cell Slide-Vue™ Cellular Shade: Prestige, Beige Influence 0590 with 5½" Cornice

*Windows:* ¾" Single Cell Cellular Shades with Cordless Lift; Three on One Headrail, Prestige, Beige Influence 0590 with 5½" Cornice with Keystone

## Pleated Shades

**CRISP LINES. LUSH DESIGNS.**

The most up-to-date textiles fold into crisp pleats to create Graber Pleated Shades. Highly admired by tastemakers and style connoisseurs, ***these sophisticated, modern shades put fashion first*** with an exuberant assortment of on-trend prints, colors, and textures selected in partnership with décor industry experts. This gorgeous array even includes menswear-inspired fabrics and fabrics resembling natural materials. Pleated shades add style, structure, and depth while beautifully filtering light and offering the privacy you desire.

## Perfect Proportions.

Graber Pleated Shades are available in two sizes to complement small and large windows and everything in between.

- The classic 1" pleat adds subtle softness and textural interest to most windows.
- The larger 2" pleat lends drama to windows with more expansive proportions.
