## It's All About Texture

### BRING THE OUTSIDE IN WITH DISTRESSED FINISHES & REFINED WEAVES

Our newly expanded fabric collection offers a wide range of natural textures and colors designed to match any style. Choose from simple, open weaves or woven, textured braids—even metallic accents that mimic actual fabrics and more.

Graber Natural Drapes & Sliding Panels are available in the same, beautiful materials for a cohesive, wide window solution.

## Earthy, Sustainable Materials

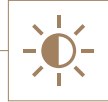

### CLEAN, GREEN NATURAL STYLE

Made from renewable resources like reeds, grasses, jute, and bamboo, Graber Tradewinds® Natural Shades are beautifully handwoven for casual luxury and elevated style. What's more, all materials are hand-selected for their perfect imperfections, resulting in high-quality, one-of-a-kind natural shades.

# Unsurpassed Light Control

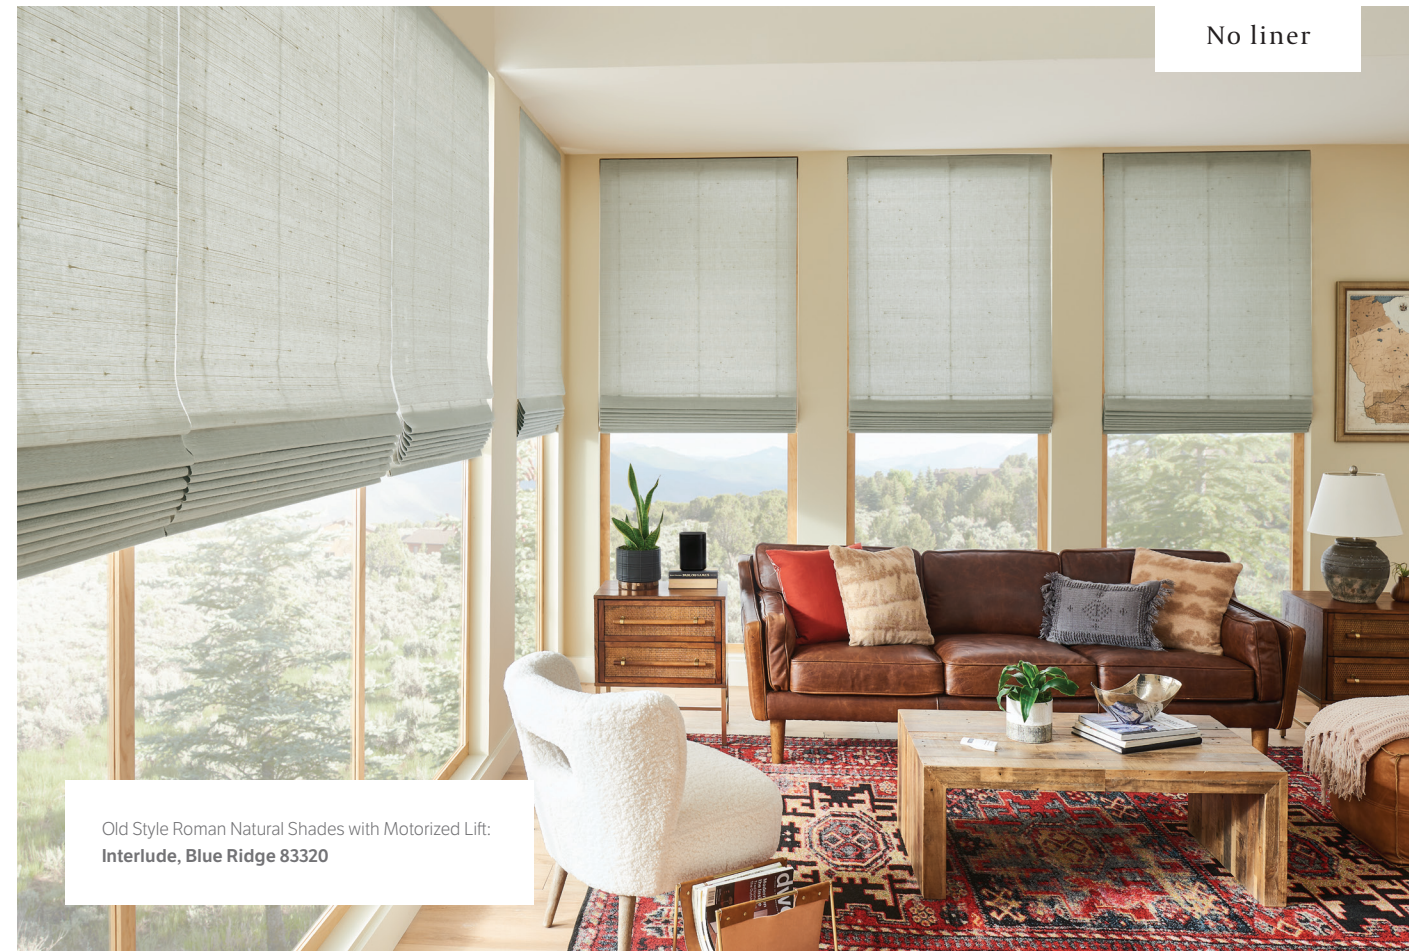

## VERSATILE & COHESIVE

The weave of a natural shade is determined by its material; some are pulled very close together, while others leave gaps. The color of the fabric may also impact incoming light. Add a privacy or room darkening liner in a neutral tone for improved light control, as well as a white, uniform appearance from the street.
